## LIGHT TO LIVE BY

We push the boundaries of design and technology to create exceptional lighting.

Powered by a shared passion for conservation and beauty, our high quality, low-energy LED lights range from the functional to the decorative and are always good to the planet.

Pictured: Voronoi II in Brass Pendant

# RESPONSIBLY DESIGNED IN LONDON

Based in East London, our headquarters houses a showroom, design studio and light lab, as well as our team of 30 staff.

## We are guided by three core design values:

- We promote progressive design that celebrates the LED bulb, using 100% glass, never plastic
- We are passionate about sustainability and truth to materials
- We draw inspiration from nature, tapping into 4.5 billion years of research and development

## To facilitate our operation worldwide, Tala is made up of the following entities and stocked warehouse locations:

- Tala Energy Limited, London UK
- Tala BV Europe, Amsterdam NL
- Tala North America, Atlanta GA
- Drop-Ship Ready

Pictured: Tala Studios, London

## Our achievements to date:

- Converted over 2,000,000 customers to Tala LED
- Together with our reforestation partners, we have planted over 40,000 trees worldwide
- Our London HQ and website are run on 100% renewable energy
- Plastic-free on 50% of our packaging
- Rated 'Excellent' on Trustpilot

## Our ambitions in future:

- All packaging to be 100% plastic-free by end of 2021
- Accelerate tree-planting programme, including 1000 trees planted per Tala employee
- Promote 'right to repair' on all Tala lighting fixtures
- Reduce air freight to 10% by 2022

We are a member of the UK Lighting Industry Association

# TALA AT HOME

VORN-II-3W-2200K-E27-T  
BRAS-PD-02

We believe that great homes deserve great lighting, which is why we develop designs that not only look beautiful, but also reduce energy consumption and perform better than any other light source on the market.

## *Designer lighting to bring your home to life*

© Mariell Lind Hansen

PORC-III-6W-2700K-E27-MP  
GRAP-PD-01

Through our online community we see the impact of our high quality, low waste products, emphasising that light can truly make a difference to the lived experience.

- Tala LED bulbs use 90% less energy than incandescent equivalents
- Tala LED light sources have a lifespan of between 15,000–30,000 hours, or approx. 5–10 years in a residential environment
- By using Tala LED bulbs rather than incandescent or halogen equivalents, users can prevent significant amounts of CO2 from entering the atmosphere. Moreover, the efficiency and longevity of Tala bulbs will help to reduce energy bills and lower the users' carbon footprint
- Tala fixtures use responsibly sourced and recyclable materials, such as hardwoods and aluminium

#AtHomeWithTala

We encourage our customers to share photos of their Tala lights.

# TALA PROFESSIONALS

## Contract

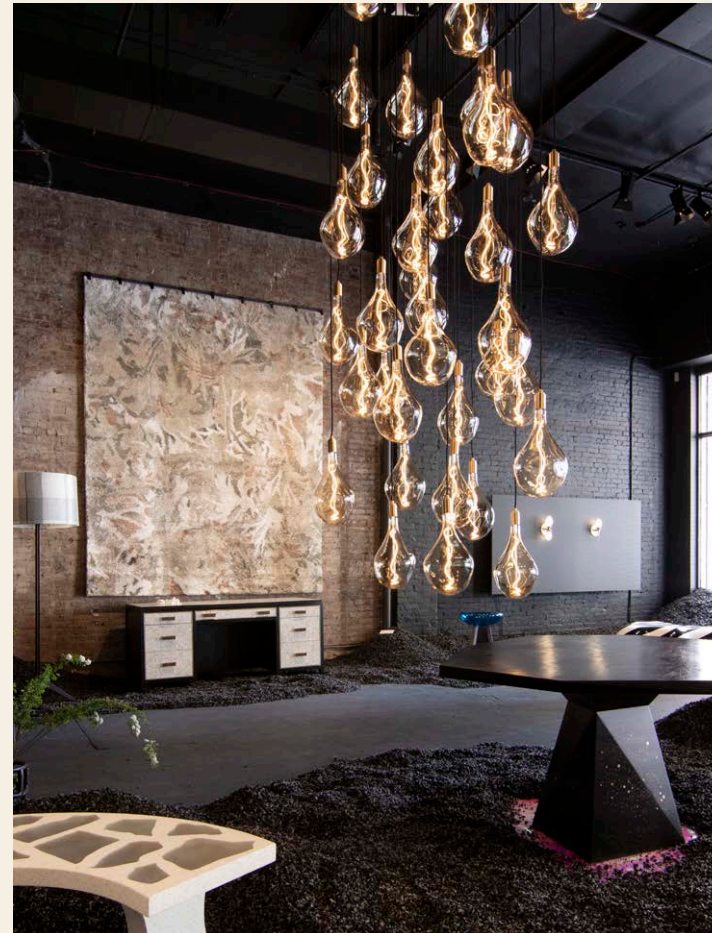

We work directly with world-class lighting designers and architects to install Tala lights on landmark projects in the residential, commercial and hospitality categories.

- Peruse our curated inspiration pages to spark ideas or showcase to clients
- Read our project case studies to see how architects and designers have used Tala
- Download 3D models to design with Tala for your next project

## Retail

Tala products are sold in some of the most desirable retail locations in the world, with stunning displays and POD opportunities to make you stand out from the crowd.

- Simple and easy access to our photography library
- Dedicated account management
- View and access order history

# THE LIGHT BULB

Light is a kind of energy. As part of the electromagnetic spectrum, it is a primary tool for perceiving the world and communicating within it.

We see every product and every story through the prism of the light bulb. It is the first consideration and the last.

## Save money and time

Use less energy and spend less time replacing bulbs

## Smooth stable dimming from 100-0%

We are pursuing perfection in Dim to Warm technology

## Unique shapes and stories

Our most popular bulbs are hand-assembled using mouth blown glass

## Prevent carbon emissions

Each Tala bulb can prevent the emission of 0.3 metric tonnes of carbon

## Achieve true colour representation

Our decorative bulbs consistently achieve CRI 95

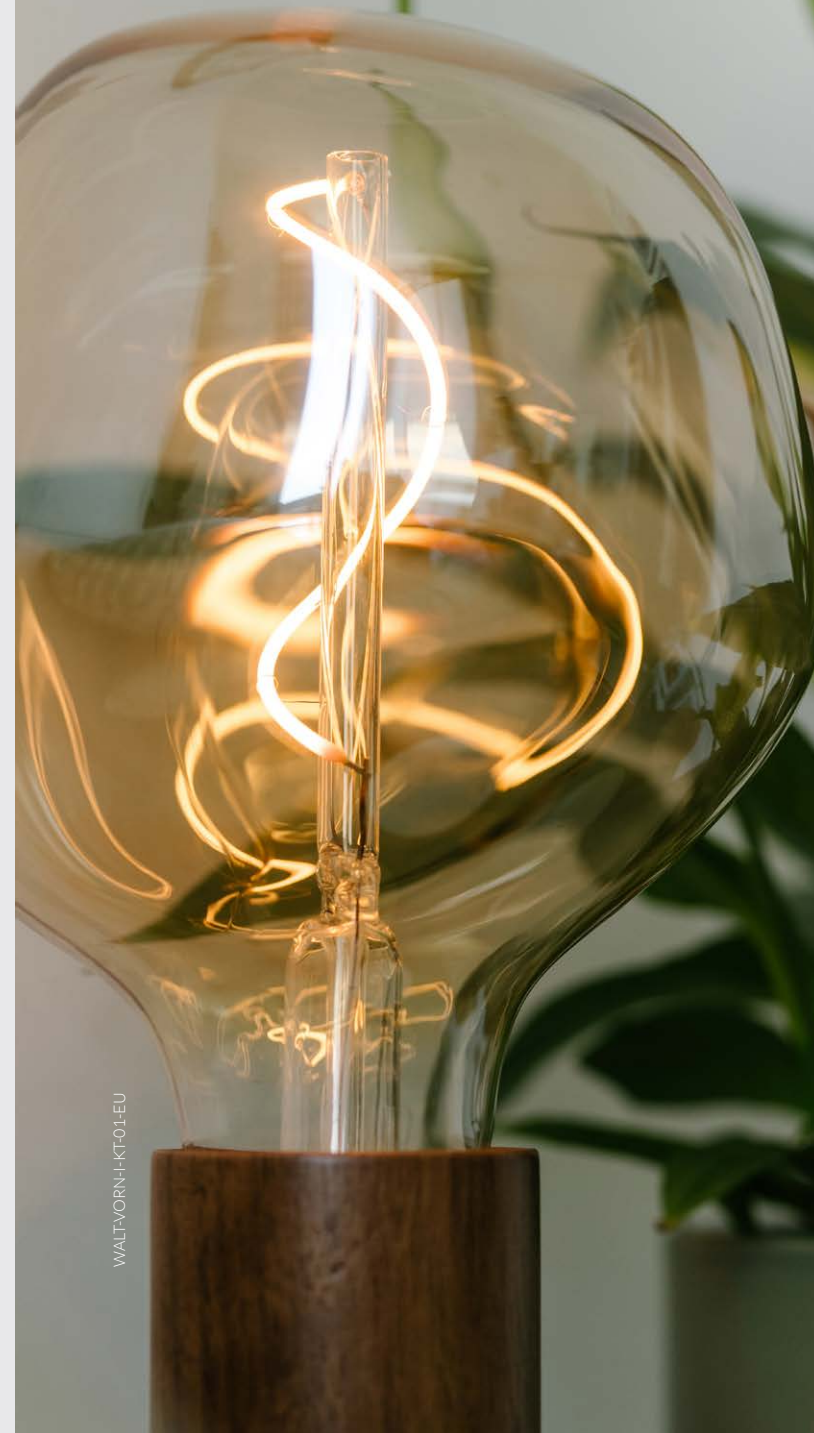

## Produce less waste

We celebrate the retrofittable bulb, so no fixtures need to go to landfill with integrated electronics

PLUT-3W-2200K-E14-T

## TALA x FARROW & BALL

*The Muse is a collaboration between two pioneering and sustainable British brands, mixing exclusive Farrow & Ball colours with Tala lighting technology.*

Pictured: Charlotte Cosby, Head of Creative at Farrow & Ball, creating the Muse colours

Tala's first truly portable light, The Muse recalls the promise and grandeur of the British pleasure garden to create a timeless portable light for the home or on the move.

# THE MUSE

Available in three bespoke colours, this exceptional light is designed with sustainability in mind, combining energy-efficient LED technology with premium, repairable materials.

Designed for work or play, this new light from Tala takes indoor-outdoor living to the next level.

- Tala's first truly portable lamp
- Exclusive Farrow & Ball colourways
- IP44 rated – built for the British outdoors
- Classic lantern aesthetic
- Cordless long-life battery
- Custom rotary dimmer dial made from solid Brass with knurled texture
- Dim to Warm technology
- Repairable for longer life and less waste

Pictured (Top): The Muse in Pleasure Garden Green, deconstructed to its component parts  
(Bottom) The Muse inspiration and drawings

*“Just like the Muse itself, the colours have been designed to stand the test of time and to feel instantly at home wherever you set them down.”*

- Charlotte Cosby, Head of Creative at Farrow & Ball

FB-MUSE-PBL-HB-01

# THE MUSE

The most advanced portable LED lamp on the market, The Muse has a battery life of up to 24 hours and delivers a warm dimmable light throw no matter the weather.

- USB-C + Wireless charging
- Wet rated IP44 for outdoor use
- Replaceable Tala bulb and battery pack
- Borosilicate glass, Aluminium shell and solid Brass hardware
- CRI 97 LED light

*“Electronic waste is a huge problem for the planet, so our design is built for repairability and avoids plastic at all costs.”*

- Joshua Ward, Co-founder of Tala

## DAVID WEEKS FOR TALA

*For our seminal international design collaboration, we have conjured a series of lighting concepts with legendary New York designer, David Weeks*

Known as the 'godfather of New York lighting design', David Weeks's minimalist visual language articulates an ongoing, and open-ended, dialogue between material and form. Together with our London-based design team, this collaboration marries New York modernism with British ingenuity, casting our most celebrated bulbs in a whole new light.

Pictured: David Weeks and his team reviewing the Reflection Table Lamps

# ECHO

Pictured: the Echo Floor Lamp (left), Echo Chandelier (centre) and Echo Table Lamp (right)

Echo is all about structure and form. Inspired by our Sphere IV bulbs, the Echo range is notable for its strong, angular steel framing. Featuring a Table and Floor lamp, plus a dramatic and elegant Chandelier, this range will soon sit amongst the very best lighting designs.

- Refined tubular steel structure
- Custom rotary dimmer
- Dim to Warm technology
- Echo products come pre-packed with Sphere IV bulbs

DWS-ECHO-TBL-01-EU

*“Asymmetry is achieved by working backward, starting at the end. We decide where we want the bulbs to go and then solve the problem of getting them there.”*

– David Weeks

# REFLECTION

Pictured: David Weeks with the Reflection Table Lamps

Offering a playful take on some of Tala's most recognised bulbs, the Reflection range promotes premium materials and thoughtful design to spark new life into established forms.

- Crafted from premium porcelain
- Hand-thrown and twice fired to create reflective glaze
- No two pieces alike
- Lamps pre-packed with bulb
- Features in-line dimmer switch on cord

# ALUMINA

Marking Tala's first foray into metal and colour, this modern and multifunctional lamp offers certainty for uncertain spaces. Suitable for use as a table or wall light, the Dim to Warm characteristics of the bulb and the tactile nature of the lamp gives this the edge in any interior.

- Plug-in and portable
- Made from lightweight aluminium
- Five colour options
- Functional as a table or wall light
- Bauhaus-inspired aesthetic
- Lamps come pre-packed with Sphere IV bulb
- Integrated full range dimmer
- 3m cord length

## *Exceptional light and colour*

ALM-SPHR-IV-BLS-TBL-01-EU

ALM-SPHR-IV-SAP-TBL-01-EU

## *On the wall*

Catering for the modern dweller, we adapted the design to allow users to fix their Alumina to the wall.

In doing so, it offers a multitude of uses and the ability to display Alumina throughout an interior space.

- Easy installation
- No need for hard wiring
- Perfect for accenting a room

ALM-SPHR-IV-CHR-TBL-01-EU

# VORONOI

Designed to push the design of the light bulb to its limits, the Voronoi range is Tala's most recognisable and celebrated light source family.

Taking inspiration from the intricate patterns found in nature, the three Voronoi bulbs are now an iconic feature of our lighting collection.

- Mouth-blown glass
- Hand-assembled LED filaments
- Three unique shapes

Left to right:

# BASALT

Drawing from millions of years of organic construction, the Basalt range references the shape found in the thousands of extruded basalt columns that make up the Giant's Causeway in Northern Ireland.

Through expertly crafted Brass and Stainless Steel, together with mouth-blown borosilicate glass, Basalt achieves a truly unique aesthetic to accompany its arcane origin story.

- Crafted from sand casted Brass and lost-wax casted Stainless Steel
- Matte glass translucent borosilicate glass bulbs
- Consistent colour rendering of more than CRI 90

# LOCHAN

An inviting, omni-directional light fixture, Lochan has been carefully constructed for an IP44 rating, making it suitable for installation in wet rooms and the outdoors.

The understated design is intended to celebrate the form of the light bulb, while the material choice and rugged finish guarantees visual consistency over many years of use.

- Suitable for mounting on walls and ceilings
- Wet rated for indoor and outdoor use
- Ideal for illuminating bathroom vanity mirrors
- Made from moisture-resistant anodized Aluminium
- Available in Brushed Brass and Graphite finishes
- Recommended bulb pairing with Sphere III and Oval
- Simple installation

*A light fixture for indoors and out*

# POISE

The Poise Adjustable Floor Lamp is defined by its telescopic design, smooth height control and slender form.

Featuring an integrated full range dimmer to extract the maximum performance from the mouth-blown Sphere V LED bulb, custom-made for this light feature.

- Adjustable, telescopic column with central tightening clutch
- Minimum height of 1245mm to maximum height of 1700mm
- Base and stem made from black powder coated steel
- Available with Brass or Graphite detailing on neck, clutch and base
- Integrated, full-range dimmer on stem
- Includes the new Sphere V LED bulb (G200) – our largest Dim to Warm bulb to date
- High performance Dim to Warm technology
- 3 metres of black braided cable and EU-UK plug adapter

# KNUCKLE

The Knuckle range epitomises Tala's design ethos, aesthetic and ambition. Through their simple and honest designs, they celebrate the form and function of the light bulb while honouring the natural materials from which they are made.

## *Truth to materials*

- Crafted by hand from pure hardwoods
- Plug-in nature and a dimming range of 0-100%
- Consistent colour rendering of more than 90 CRI
- Simple British detailing

Available in Oak and Walnut finish, the Knuckle Pendants are available as individual fixtures, or grouped in large clusters as part of our Canopy range.

Pictured: Walnut Knuckle Pendants with Noma bulbs

WALT-KP-02  
NOMA-6W-2700K-E27-MP

# KNUCKLE

Designed to achieve instant atmosphere through their custom dimmers, the Knuckle Table Lamps come paired with the Voronoi I and Sphere IV bulbs, or as individual portables.

Accented by brass and gun metal bases, they can suit a variety of situations and spaces.

- Crafted by hand from pure hardwoods
- Plug-in nature and a dimming range of 0-100%
- Available in three finishes: Oak, Walnut and Blackened Oak
- Lamps come individually, or pre-packed with Voronoi I or Sphere IV bulbs
- Features in-line dimmer switch on cord

## PENDANT SOLUTIONS

A core part of the Tala story, these utilitarian pendants act as humble servants to their illustrious light bulb protagonists.

The Brass and Graphite pendants are hugely popular lighting solutions, while the recent addition of the Plug-In Pendant has elevated our offering to suit a range of spaces and needs.

- Brass and Graphite finishes
- Sleek and stylish design
- Minimalist aesthetic
- Suitable for any Tala E27 bulb
- Plug-In Pendant features in-line dimmer switch on cord and two brass ceiling nodes

# TECHNICAL LIGHT SOURCES

Drawing on the engineering excellence that defines Tala's core offering, the Light Engine range, as well as the GU10 and G9 light sources, represent the pinnacle of technical LED light sources.

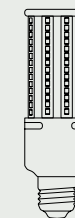

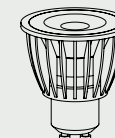

## *Engineered for perfection*

- Light Engines offer high power Dim to Warm light at CRI 95
- G9 and GU10 provide gallery grade lighting at CRI 97, R9 90-97
- GU10 offers Dim to Warm light at 2200-2800K
- All dimmable and exhibit <5% flicker
- Suitable for enclosed fixtures

# CANOPIES

From the high-end to the mid-range, our lights cater for specifiers and homeowners of all backgrounds, budgets and expectations.

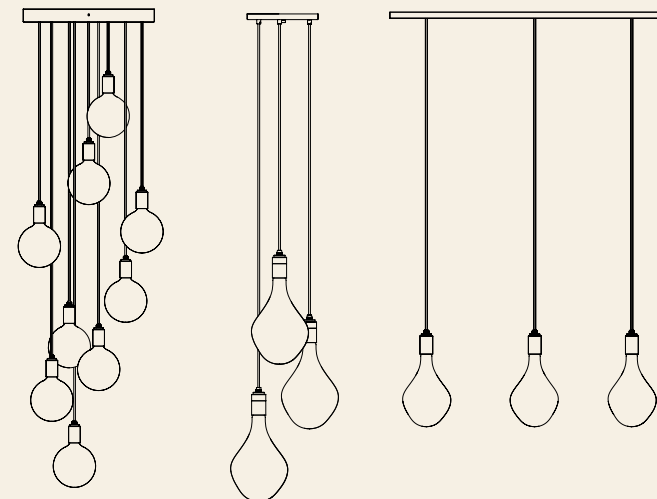

- Available in Triple and Nine pendant combinations
- Pre-assembled with Tala's signature pendants
- Canopies come in circular and linear formations
- Multiple frame and plate finishes
- Extended cable lengths for numerous display options
- 5 metre cable for Nine Pendants, 3 metre cable for Triple Pendants
- Fine material finish and detailing
- Available as standalone fixtures or pre-paired with Voronoi II or Sphere IV LED bulbs
- Nine Pendants are ideal for stairways, hallways and entrance spaces
- Triple Pendants are perfectly suited for kitchen islands and dining tables
